

SIXO
NEW KHARA

Collaborative space - 6 people

The Smart Pod Sixo New Khara Sixo is the ideal solution for small group meetings, group work, video conferencing and other uses. This elegant, spacious smart pod can accommodate up to six people, making it ideal for small teams.

This range features the optional ARS® (Air Cooling System) to help cool the temperature inside the pod by up to 3 degrees.

Thanks to its advanced technology.

A

Dimmer
Light and ventilation

A 5-speed dimmer switch for light and ventilation is mounted on the central column, allowing you to adjust the intensity of each piece of equipment as you wish. By default, smart pods are equipped with light, ventilation and connectors. They are activated when a person enters the smart pod.

The air inside the smart pod is fully regenerated every minute (intensity adjustable with the dimmer). When the smart pod is no longer occupied, it will remain on and continue to ventilate for 3 minutes to ensure that the air is fully regenerated for the next use. Once these 3 minutes have elapsed, the light and ventilation switch off automatically.

Of course, the smart pod can be occupied directly after the last use without waiting the 3 minutes.

In a SIXO smart pod, the recommended time of use is estimated at 1h - 1h30.

B

Connections:
2 x 220v + 1 x USB A + 1 x USB C
+ 1 x RJ45
Option: HDMI

***Disponibile acoutic back, semi-glass back or full glass back
