

## UNO NEW KHARA

### Concentration space - 1 person

The Uno New Khara phone booth is an excellent workspace for long-term projects and videoconferences. Its ergonomic design and advanced audio/video technology make it the ideal solution for telephone calls and remote video conferencing.

With an intuitive user interface and a host of features, it's the perfect solution for any professional looking to stay productive and connected.

This range features the optional ARS® (Air Cooling System) to help cool the temperature inside the pod by up to 3 degrees.

Get the Uno New Khara today and experience the ultimate in individual work.

#### COMPONENT'S CERTIFICATIONS

**Dimmer**  
**Light and ventilation**

A 5-speed dimmer switch for light and ventilation is mounted on the central column, allowing you to adjust the intensity of each piece of equipment as you wish. By default, smart pods are equipped with light, ventilation and connectors. They are activated when a person enters the smart pod.

The air inside the smart pod is fully regenerated every minute (intensity adjustable with the dimmer) When the smart pod is no longer occupied, it will remain on and continue to ventilate for 3 minutes to ensure that the air is fully regenerated for the next use. Once these 3 minutes have elapsed, the light and ventilation switch off automatically.

Of course, the smart pod can be occupied directly after the last use without waiting the 3 minutes.

In a UNO smart pod, the recommended time of use is estimated at 1h.

**Connections:**  
**1 x 220v + 1 x USB A + 1 x USB C**  
**Option: 1 x HDMI + 1 x RJ45**
